

Field Crew | Crossroad Farm 2024 Season

Crossroad Farm is a fifty-acre diversified vegetable farm in Post Mills, VT, a half mile from Lake Fairlee. For over 40 years our extended family and crew have been practicing sustainable agriculture. We grow a wide variety of vegetables, specializing in greens and tomatoes, as well as strawberries, melons, flowers, and bedding plants.

Job Description

Crossroad Farm is hiring for the 2024 season! We're currently hiring for full-time field crew positions to work on the farm in Post Mills. Work responsibilities can begin in June and continue through August or later.

Work responsibilities include transplanting, weeding, hoeing, harvesting, preparing and packing over 40 different types of vegetable crops. All responsibilities require quality control to produce the best possible outcome – great veggies for our company farm stands and wholesale customers. Work will be hard and physically demanding, while also very rewarding. Responsibilities will require a rugged work ethic as well as physical and mental endurance.

Job Responsibilities

- Must be able to work four days a week, including a Saturday or Sunday each week. Must be timely and able to be in accordance with typical start times, often 7AM and as early as 6AM.
- Must be able to lift 30 lbs. and work physically, often in demanding weather, all day.
- Have a good attitude and be willing to learn new things.
- Previous farming experience is a plus, but not required.

Field Crew positions are paid hourly, with pay starting over \$17 per hour and commensurate with experience and level of commitment. Field Crew positions are also compensated with free Crossroad Farm fruits and veggies!
